## About Us

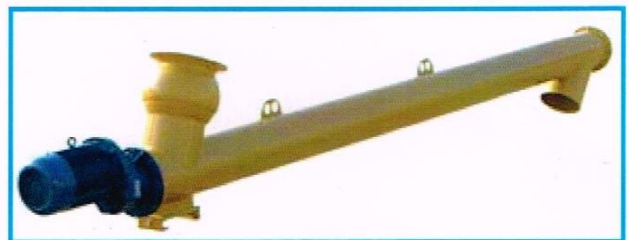

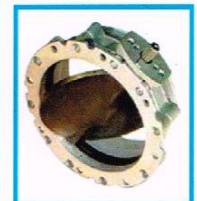

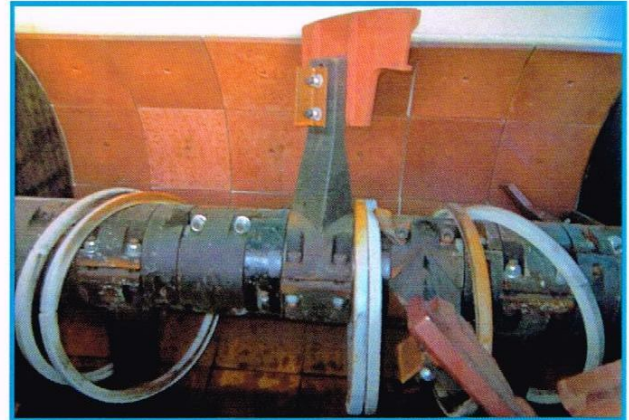

CESS has been established as a Sales & Service company in Bangalore. Our traditional business model is based on the accomplishment of Service to the Concrete Batching Plants in South India. Based on the decision of the company to improve our Sales; we have now established the factory in Peenya: Bangalore.

## Company Strategy

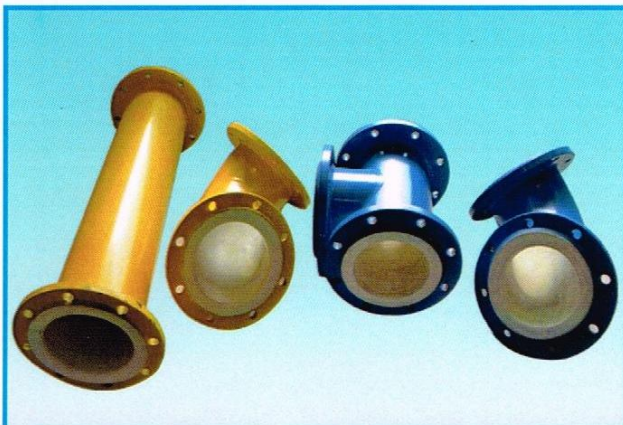

- **Purpose** To be a leader in the Concrete industry by providing enhanced services, relationship and profitability.
- **Vision** To provide a quality service that exceeds the expectations of our esteemed customers.
- **Mission statement** To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.
- **Core values** We believe in treating our customers with respect and faith We grow through creativity, invention and innovation. We integrate honesty, integrity and business ethics into all aspects of our business functioning.

## Scope of Work

CESS conducts Concrete Batch Plant Spares marketing, Service as well as Concrete Batch Plant Setup consulting. The company undertakes all operation & maintenance (O&M) duties for concrete batch plants and conducts service for the concrete blocks making machines.

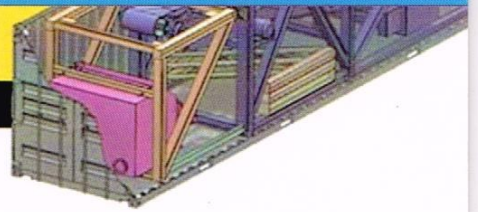

## SILO ACCESSORIES

# SMART SOLUTIONS

## ENGINEERED TO BE BETTER

We design Material Handling Equipments to meet the requirements of your plant site locations including high wind and seismic areas. The engineering staff has over 12 years of combined service in the batch plant industry. We have the ability and recourses to make modifications to standard plant designs to meet customer's exact requirements. Equipments are drawn in CAE, CAD and Solid Works giving us the ability to view the completed drawings from all angles and in 3-D. Customers are provided general arrangement, foundation layout, and erection drawings. Our design standards meet or exceed CPMB (Concrete Plant Manufacturers Bureau), PMMD (Plant Mixer Manufacturers Division) and AQMD (Air Quality Manufacturers Division).

### Batching Plant Parts Department
